The screenshot shows the Visual Studio Code editor with the file explorer on the left displaying a project structure. The main editor window is open to `lab5.css`, showing CSS code for a web page layout. The code includes a `divvyaraj5` class with various styling properties like border, background-color, height, width, display, padding, and float. The status bar at the bottom indicates the current line and column (Ln 50, Col 23) and the active language (CSS).
